Why choose Amproutes

INSTANT SERVICE

We aim to provide quick delivery to our valuable customers as they request the service when they are stranded or in an emergency.

QUALITY SERVICES

We provide a high-quality battery charging service to customers on their request.

AUTHENTIC PARTS

We use authentic batteries, which are tested and assured straight from the manufacturer.

TRUSTED PARTNERS

We have partnered with big companies like Uber and Panasonic to deliver the services on time with proper and trusted battery packs.

How scheduling a charge work?

1. You can order through our website or mobile application.
2. We partner with Uber, Lyft, or Grub Hub to deliver a battery pack.
3. When the rideshare driver arrives at your location, you plug the battery pack into your car and you will soon be on your way.

Your trusted charging provider is here to help you get back on the road as soon as possible
